Faculty of Mathematics, Computer Science and Econometrics, University of Zielona Góra

57th International Symposium on Functional Equations

June 2 – 9, 2019, Jastarnia, Poland
### Hotel Spa Dom Zdrojowy

Topics
Functional equations and inequalities, and their applications to the natural, social and behavioral sciences; Hyers-Ulam stability; iteration theory

Survey talk
Eszter Gselmann, *Polynomial solutions of functional equations – methods with and without spectral theory*

Special session
Probabilistic methods in functional equations chaired by Tomasz Szostok

Contact
e-mail: isfe57@wmie.uz.zgora.pl
www: isfe.up.krakow.pl/57/

Organizing Committee
Dorota Głazowska
Justyna Jarczyk
Witold Jarczyk
Paweł Solarz

Scientific Committee
Gian Luigi Forti (Italy)
Roman Ger (Poland)
Zsolt Páles (Hungary)
Maciej Sablik (Poland)
Jens Schwaiger (Austria)
Abe Sklar (USA)

honorary members
János Aczél (Canada)
Zoltán Daróczy (Hungary)
Jürg Rätz (Switzerland)
Ludwig Reich (Austria)

Participation
Participation in these annual meetings is by invitation only. Those wishing to attend the 57th ISFE should send information on their scientific interest and, preferably, publications together with their postal and email addresses to **Maciej Sablik** – Chairman of the Scientific Committee (**maciej.sablik@us.edu.pl**) by November 1, 2018.
